mangueras SR1SN

SAE 100R1AT/1SN | Medi

- Cumple o excede el desempeño de requerimientos de presiones de SAE 100R1AT y EN853 1SN
- Cumple con la Designación USMSHA para Resistencia a la Flama
- Cumple con altas presiones EN/DIN
- Guarda Costa U.S./SAE J1942

Aplicación

Aplicaciones hidráulicas a mediana presión incluyendo equipos móviles, máquina de herramientas y agricultura, usando fluidos hidráulicos derivados de petróleo o agua

Tubo
Nitrilo

Refuerzo

Una trenza de alambre de acero de alta tensión

Cubierta

Negra de Policloropreno

Rango temperatura

-40°F a 212°F (-40°C a 100°C)
